

Cllr Ray Field

I am an Independent Councillor with no political ties.

My background and experience is that I qualified as a Senior advocate in 2011 and have spent over 30 years working within the private and public sectors, obtaining extensive experience in all areas of business covering the whole spectrum of Industry.

I established myself as an Employment Law Consultant in 2011, providing an advice and advocacy service to employers and employees in businesses of all sizes; I have successfully represented many people in Employment Tribunals and Benefit Tribunals. My advice is clear, succinct and to-the-point. It is based on an in-depth and up-to-date knowledge of legislation and case-law.

I am a confident and tenacious litigator also a very strong negotiator, I have successfully represented the interests of Employees against companies of all sizes across all industry sectors. and the majority of claims are settled without the need for a Court or Tribunal hearing. Where the Employer is not prepared to make a reasonable offer, I am experienced in all stages of litigation.

As a Councillor I have and always will stand up and not stand by in representing the Town and District Councils.
