Closing date FHDC Officer Comments

Alexander Kalorkoti

In keeping with previous comments, the Committee supports in general terms the development but requires further clarification on the following issues prior to making a decision:

- i) Concern was expressed that there seems to be a lack of car parking. More detail is required.
- ii) In light of the Grenfell tragedy, the Escape Strategy should be clarified, in particular with regard to disabled and elderly access.
- iii) The height of 28.5 metres should be inclusive of air conditioning equipment and any fixtures and fittings on the roof.
- iv) The air conditioning should be specified as to decibel levels and performance.
- v) There should be a requirement that the green roofs are well maintained.
- vi) The tidal licence for construction times be clarified, in particular regarding noise and activity before 8am and after 6pm.

Observations:

- i) Design and Access Statement The numbering on the statement makes focus and comments on specific issues difficult. The lack of access to detail has affected the consultation process.
- ii) The Committee considers that the boardwalk should remain open to the public in perpetuity.
- iii) With regard to car park smoke ventilation, the Committee expressed concern about the importance of this function and trust the District is addressing these issues within the planning process.
- iv) The Committee expressed concern regarding surface water and drainage requirements, as well as biodiversity and ecological enhancements and therefore support the comments made by KCC (SUDS) Local Flood Authority and the KCC Biodiversity Officer.

In particular, there is concern that the existing drainage and sewage system should be upgraded in capacity to cope adequately with the proposed increase in population.

vii) The Committee is concerned that the existing Marine Crescent residents parking scheme may not have enough capacity for the proposed development.

6. FORMER ROTUNDA SITE – Y18/1252/FH

The Committee received and noted the correspondence from the F&HDC Planning Officer.

RESOLVED: The Committee is unable to come to a decision on this application due to the lack of detail, including the response from the F&HDC Planning Officer.

The Committee would like to request that the Town Clerk write to the F&DC Planning Officer to ask him to meet with Committee members as a matter of urgency. The meeting will need to take place before the next Planning Committee Meeting on the 12th December preferably by the 7th December 2018.

The observations in the minutes of 1 November 2018 are now comments on

application Y18/1252/FH with some additions (in italic).

- i) Design and Access Statement The numbering on the statement makes focus and comments on specific issues difficult. The lack of access to detail has affected the consultation process. Sections 5.1 and 5.3 were omitted on the public consultation documents (pages 46&48).
- ii) The Committee considers that the boardwalk should remain open to the public in perpetuity.
- iii) With regard to car park smoke ventilation, the Committee expressed concern about the importance of this function and trust the District is addressing these issues within the planning process.
- iv) The Committee expressed concern regarding surface water and drainage requirements, as well as biodiversity and ecological enhancements and therefore support the comments made by KCC (SUDS) Local Flood Authority and the KCC Biodiversity Officer.

In particular, there is concern that the existing drainage and sewage system should be upgraded in capacity to cope adequately with the proposed increase in population.

- v) The Committee is concerned that the existing Marine Crescent residents parking scheme may not have enough capacity for the proposed development.
- vi) The Planning application Y17/1099/SH agreed by F&HDC, section 73 clearly states that this building was given permission 7 storeys, not 8.
- vii) That the development has never applied for a variation to move the coastal path, this needs to be done as a matter of urgency.

Seconded: Councillor Richard Wallace

Voting: F:5, Ag:0, Ab: 0

Jennifer Childs The Town Clerk Folkestone Town Council 1-2 Guildhall St, Folkestone CT20 1DY

1st January 2019

Dear Jennifer

On behalf of the Directors of Step Short Folkestone Limited, I am writing regarding the long-term future of the Step Short memorial arch on The Leas in Folkestone.

Step Short was founded in 2008 in order to commemorate the national and international significance of the contribution of Folkestone and its people to the Allied cause during the First World War. In particular, the town's harbour was responsible for the movement of ten million soldiers, from all around the world, to and from the western front, between 1914 and 1918. In the years after the war, the Slope Road which ran from The Leas to the harbour, and down which so many of these soldiers marched to the ships waiting to take them to France, was renamed the Road of Remembrance.

The Road of Remembrance was central to Step Short's plans to commemorate the centenary of the outbreak of the First World War, on 4th August 2014. Funds were raised from a great number of private donors, and public bodies, to support the building of the Step Short Memorial Arch, standing on The Leas, and close to the top of the Road of Remembrance. It was opened by His Royal Highness Prince Harry, on 4th August 2014, and was regarded by the government as one of the leading community led events in the country, dedicated to commemorating the centenary of the outbreak of the war.

Since then, the Arch has played a central role in Folkestone's commemoration of other significant centenaries connected to the First World War; in particular the memorial services to remember those who gave their lives at Gallipoli in 1915, the Battle of the Somme in 1916, the Battle of Passchendaele in 1917, and halting the great German offensive on the western front in July 1918. In addition to these, the Arch has been used for very many services of commemoration and acts of personal remembrance to family ancestors.

Now that we have marked the centenary of the Armistice, on 11th November 1918 when the fighting on the western front ended, we believe that it is time for us to consider what the future of the Arch should be. Ultimately, we believe that the Arch should belong to the people of Folkestone, and would like to ask formally whether the Town Council would consider at its next meeting, whether or not it would be prepared to take on the ownership of the Arch.

The site of the arch is held by Step Short on a 99-year underlease at a rent of £1, granted by Folkestone and Hythe District Council. The District Council itself has a long-term lease on this land granted from the Folkestone Estate, and the underlease made to Step Short by the Council, was done so with the consent of the Folkestone Estate. I have consulted the Folkestone Estate on whether or not they would be agreeable to the transfer of the ownership of the Arch to Folkestone Town Council, should the council give its approval for this to happen, and they have indicated that this is something they would be keen to support.

Should the Council accept our proposal, Step Short would like to propose that the Arch be formally handed over to the Town at a date on or close to the centenary of the signing of the Treaty of Versailles, on 28th June 1919; the act that officially ended the state of war between Germany and the Allies.

I would of course be happy to meet with you to discuss this in further detail if that would be helpful.

Kind regards

Damian Collins
